KeySource Bank Reaches \$100 Million Total Assets

DURHAM, N.C. – June 27, 2008 – KeySource Commercial Bank after just 15 months in operation reached \$100 million in total assets this week. “We are very pleased with the loan and deposit growth that we have been able to achieve in this market,” said Don Draughon, President and CEO.

This major milestone in a new bank’s existence comes just one month after KeySource moved into its new office at the Diamond View II building in the outfield of the Durham Bulls Athletic Park. KeySource has a unique branch in that there is no teller bar but instead private offices for the customers to do their banking transactions. There is a large state of the art conference room that overlooks the ballpark for the customers to reserve for use. Most of the loan offices have views of the ballpark making loan closings more of an event.

KeySource is a full service bank with a focus on business banking. There are currently 21 employees and 13 members of the Board of Directors. The bank is located at 280 S. Mangum Street, Suite 140, Durham, NC 27701.
