**KeySource Bank Reaches Profitability**

DURHAM, N.C. – September 10, 2008 – KeySource Commercial Bank, after just 17 months in operation, reached its first month of profitability in August 2008. The bank closed its books for August with \$117 million in total assets and net income of \$10,130. “To get to profitability in less than a year and a half for a new bank is quite an accomplishment. This is another major milestone in our bank’s short history,” said Don Draughon, President and CEO.

KeySource’s branch office is located at the Diamond View II building in the outfield of the Durham Bulls Athletic Park. KeySource has a unique branch in that there is no teller bar but instead private offices for the customers to do their banking transactions. There is a large state of the art conference room that overlooks the ballpark for customers’ use. Most of the loan offices have views of the ballpark making loan closings more of an event.

KeySource is a full service bank with a focus on business banking. There are currently 22 employees and 13 members of the Board of Directors. The bank is located at 280 S. Mangum Street, Suite 140, Durham, NC 27701.
